

Hello PAC Saints Families,

My name is Trevor Dowhaniuk. I was named the new Elite Director for Parkland Athletic Club back in November. We had a parent meeting in November where 23 people (3 were board members of other associations) showed up to see what was going on with Parkland Athletic Club moving forward. Since November, Tom Tremain (Coach Director), Jason Wiwad (Coach Mentor) and I have been hanging around the rinks making ourselves available for parents and players to come and talk with us. During that time I would say we had some good conversations with parents and players which helped us assess where PAC is at today. During these conversations we have found individuals that are wanting to volunteer their time to join us and help change the face of Parkland Athletic Club moving forward. I would like to think that there are some very exciting times ahead for our club.

In our discussions with some parents and players, we have found that families of PAC would like to see

- more outside development coming in on certain teams to help develop skills
- the same vendors (Dryland, Power skating and skills) working with all of our club teams to show consistency
- the same quality of apparel available to ALL teams, without the upscale cost
- the Spring Camps again
- more accountability from our players
- more community involvement
- coaches hired earlier than Fall Evaluations

There are more ideas that came up in our talks at the rink. Of course we can't implement them all right away, but today and moving forward we can start to make a change.

THIS IS OUR TEAM

Parkland Athletic Club Saints will be moving forward to the 2019/2020 season. The game is changing and so are we. It is time for us to be better for your player. Today's game has great options out there for families to choose from, we are going to work hard so that your choice is community. Families have become paying customers in the game of hockey, as a non-profit Club we will work hard to create a program with will focus on development on and off the ice.

PAC Saints will be the home to (2) Bantam AA, (1) Bantam AAA, (1) Midget 15AA, (1) Midget 15AAA and (1) Midget AA Club Teams. There will be fall evaluations where kids within our zone have the opportunity to earn a spot within our club. Our Club teams will work together to become a family. We will strive to become a Club that players are

proud to play for and parents are proud to cheer for. We will become more involved in our community. We will promote our players through social media outlets and newspapers. We will provide the opportunity for our players to work with our younger generation of players in a mentor program. We will focus more on development of the athlete.

At this time, we are planning our program which will focus on development for our players on the ice and off the ice which will include:

- Minimum 2 practices per week (Our teams averaged 2.75/week in the 2018/19 season)
- 30 League Games (Midget 15AA), 32 League Games (Bantam AA & Midget AA), 33 League Games (Bantam AAA), 34 League Games (Midget M15AAA), based on last year league schedules.
